# Everything You Need To Know About The Dumbo Arts Festival

3 of 5

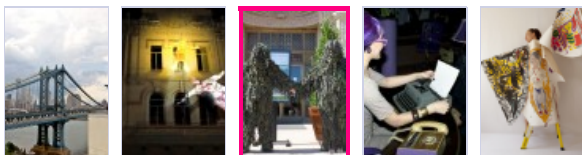

**3. Our Doppler radar sources are predicting some rain in DUMBO on Friday and Saturday, so bring an umbrella and perhaps scout out some of the more weather-friendly festival features.**

In addition to outdoor projections and performances, the festival offers 100 studios and 50 galleries to shelter you from any storm, meaning that there's no reason to let the weather get in your way of enjoying DUMBO. And while we're on the subject of weather, we might as well warn you that there will be human flower pots frequenting the festival, thanks to "The Portable Forest Cross Country Voyage" exhibition. Hailing from the West Coast, the Greenhouse Trailer

and Herb Dog will be offering passerby not only vegetables and herbs but also riot helmet bowls and Human Pot bodysuits. Good for green thumbs and hungry DUMBO visitors alike.
